DATE: 27 July 1955

FROM : AC/OS/TR

SUBJECT: Weekly Activities Report # 30

SIGNIFICANT ITEMS

a. Special Air Force Training Program. As of this writing we have not received the test results from A&E Staff which had been definitely promised to me the morning of 26 July. Consequently, evaluations on the 15 students have not been submitted as yet.

On Tuesday 26 July a meeting was held in the office of the C/OS with Colonels Talbott and Giblo and Major Crum, relative to future training programs to be conducted by OTR for the Air Force. Col. Giblo advised that they have fixed a date of 3 October and feel reasonably certain they will have 15 additional Air Force officers and airmen available for a second running and then would like to have a third running of the course in January 1956. He advised that he could not promise any more than two potential instructors for the October course and, therefore, would not be in a position to run their own training program until sometime in the distant future. He also requested that the October course be extended in length so that additional subjects could be covered and more time devoted to practical work. The C/OS advised the Air Force representatives that a request in writing for additional training programs should be submitted through proper channels and we would then decide whether or not a second running could be conducted in October, how long a course would be provided, and the number that should be included. No commitments were made regarding future courses.
